PRODUCT SOFTWARE NOTICE

Product software of all kinds, such as brochures, drawings, technical data, operator's and workshop manuals, parts lists and parts price lists, and other information, instructions and specifications provided from sources other than Westerbeke, is not within Westerbeke's control and, accordingly, is provided to Westerbeke customers only as a courtesy and service. WESTERBEKE CANNOT BE RESPONSIBLE FOR THE CONTENT OF SUCH SOFTWARE, MAKES NO WARRANTIES OR REPRESENTATIONS WITH RESPECT THERETO, INCLUDING THE ACCURACY, TIMELINESS OR COMPLETENESS THEREOF, AND WILL IN NO EVENT BE LIABLE FOR ANY TYPE OF DAMAGES OR INJURY INCURRED IN CONNECTION WITH, OR ARISING OUT OF, THE FURNISHING OR USE OF SUCH SOFTWARE.

For example, components and sub-assemblies incorporated in Westerbeke's products and supplied by others (such as engine blocks, fuel systems and components, transmissions, electrical components, pumps and other products) are generally supported by their manufacturers with their own software, and Westerbeke must depend on such software for the design of Westerbeke's own product software. Such software may be outdated and no longer accurate. Routine changes made by Westerbeke's suppliers, of which Westerbeke rarely has notice in advance, are frequently not reflected in the supplier's software until after such changes take place.

Westerbeke customers should also keep in mind the time span between printings of Westerbeke product software, and the unavoidable existence of earlier, non-current Westerbeke software editions in the field. Additionally, most Westerbeke products include customer-requested special features that frequently do not include complete documentation.

In sum, product software provided with Westerbeke products, whether from Westerbeke or other suppliers, must not and cannot be relied upon exclusively as the definitive authority on the respective product. It not only makes good sense, but is imperative that appropriate representatives of Westerbeke or the supplier in question be consulted to determine the accuracy and currency of the product software being consulted by the customer.

This diagram illustrates the assembly of a Westinghouse water pump. The main components are labeled with numbers 1 through 75. Key features include:

- TO THERMOSTAT HOUSING:** Indicated by a line pointing to the top of the pump housing.
- TO FRESH WATER PUMP:** Indicated by a line pointing to the bottom outlet of the pump.
- WESTINGHOUSE:** The brand name is visible on the pump housing.
- INCOMING RAW WATER:** Indicated by a line pointing to the bottom inlet of the pump.
- MAX:** A label on the side of the pump housing.
- Assembly Details:** The diagram shows the pump housing (1), impeller (2), and various mounting brackets (3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75).

This exploded view diagram illustrates the assembly of a vehicle's front suspension steering knuckle. The components are numbered 1 through 33, indicating their assembly sequence. The main assembly (1) is shown at the top left, featuring a steering knuckle with a coil spring and a shock absorber. The exploded view shows the following components and their assembly order:

- 1**: Main steering knuckle assembly.
- 2**: Bolt for the upper control arm.
- 3**: Upper control arm.
- 4**: Upper control arm bracket.
- 5**: Upper control arm plate.
- 6**: Lower control arm.
- 7**: Lower control arm bracket.
- 8**: Lower control arm plate.
- 9**: Lower control arm plate.
- 10**: Lower control arm plate.
- 11**: Lower control arm plate.

- 19**: Lower control arm plate.
- 20**: Lower control arm plate.
- 21**: Lower control arm plate.
- 22**: Lower control arm plate.
- 23**: Lower control arm plate.
- 24**: Lower control arm plate.
- 25**: Lower control arm plate.
- 26**: Lower control arm plate.
- 27**: Lower control arm plate.
- 28**: Lower control arm plate.
- 29**: Lower control arm plate.
- 30**: Lower control arm plate.
- 31**: Lower control arm plate.
- 32**: Lower control arm plate.
- 33**: Lower control arm plate.

The diagram also includes a detailed view of the lower control arm assembly (11-15) and a detailed view of the upper control arm assembly (16-25). The exploded view shows the assembly of the steering knuckle with the upper and lower control arms, the shock absorber, and the coil spring.
